# SPECTROFUGE

Corporation of North Carolina, Inc.

*Spectrofuge is a **CUSTOMER FIRST** company offering cost-efficient maintenance, repair and calibration for a wide variety of bio-research instrumentation.*

*Spectrofuge specializes in on-site service support to enable our customers to maintain productivity and profitability.*

*Spectrofuge has been serving industry and institutions in the Southeast since 1975 with a dedicated team of highly trained professionals.*

*Spectrofuge will assist you with any current service need including maintenance proposals, a repair problem, equipment calibrations or information to learn more about Spectrofuge.*

Charter Member Since 1988

## ABOUT SPECTROFUGE

Spectrofuge Corporation of North Carolina, Inc., incorporated in 1975, provides research instrumentation maintenance, offering contract and per call repair service as well as equipment calibration and validation services.

Spectrofuge Corporation of North Carolina, Inc., affords its customers the reliability of highly trained and experienced technicians. In addition, a call for repair is handled by professional and knowledgeable personnel, ready to provide or schedule a timely response to any service need.

Spectrofuge Corporation of North Carolina, Inc., is conveniently located in the Research Triangle Park of North Carolina. Our 7,500 sq. ft. facility includes administrative offices, a repair shop, a technical library, electronic bench rooms, pipette repair/calibration lab, HPLC wet room, test instrumentation and a warehouse for parts inventory.

Spectrofuge Corporation of North Carolina, Inc., provides service in the following institutions and facilities:

- Duke University Medical Center
- University of North Carolina
- North Carolina State University
- East Carolina University
- Veteran's Administration
- Environmental Protection Agency
- National Institute of Environmental Health Sciences
- Wake Forest University
- GlaxoSmithKline
- NC A&T
- Proctor and Gamble
- Becton Dickinson
- Talecris Biotherapeutics
- Gilead Sciences, Inc.
- Inspire Pharmaceuticals, Inc.
- Campbell University
- University of North Carolina-Greensboro
- Tripath Oncology, Inc.
- Scynexis Chemistry and Automation, Inc.
- University of North Carolina-Wilmington
- Chemical Industry Institute of Toxicology
- North Carolina Central University
- Targacept, Inc.
- Affinergy, Inc.

Spectrofuge Corporation of North Carolina, Inc., because of its diverse background, training and experience, services the equipment of over one hundred different manufacturers. In addition, it provides warranty service for some of these groups.

Spectrofuge Corporation of North Carolina, Inc., provides contract maintenance, per call repair, calibration and validation services for institutional and industrial research facilities in the Southeast.

Spectrofuge Corporation of North Carolina, Inc., specializes in instrumentation maintenance. Always looking to assist customers, Spectrofuge can locate and recondition pre-owned equipment for a particular need.

Spectrofuge Corporation of North Carolina, Inc., provides a service to companies selling pre-owned equipment by inspection and repair of such instrumentation. It offers this same service to research investigators.

Spectrofuge Corporation of North Carolina, Inc., upon request, provides rotor inspection and seminars for rotor safety, care and use. In addition, its technicians are able to update or install equipment retrofits.

Spectrofuge Corporation of North Carolina, Inc., provides repair, refurbishment, and preventive maintenance of laboratory vacuum pumps. Spectrofuge will pick up your pump, transport it to our in-house facility for service and return it in a timely manner.

Spectrofuge Corporation of North Carolina, Inc., provides calibration services for a variety of equipment using NIST Traceable standards. Service technicians follow manufacturer's specifications and institute specific standard operating procedures to assure equipment is functioning properly and within the specified guidelines.

Spectrofuge Corporation of North Carolina, Inc., active in the success and growth of independent service organizations, is a charter member of the National Independent Service Association (NISA). Fifteen member-companies exchange technical expertise as well as cross-training and parts.
